**THE GOVERNORSHIP.**  
To the Republicans of Wisconsin:  
The Republican Club of St. Croix earnestly desiring the success of the party in the approaching election, and believing that candidates for office should be nominated with reference, first to their fitness, and next to their availability, desire to present to the republicans of Wisconsin the names of R. A. Taylor as a candidate for governor.  
In so doing the club may be said to assert that it represents the practically unanimous sentiment of the republicans of the northwest as well as of the leaders of the party and many of the voters in every section of the state. We believe Mr. Taylor to be thoroughly fitted for the office of governor, and a most available and deserving candidate.  
None have questioned or will question his fitness. He would bring to the high office for which he is mentioned, considerable business and literary abilities, a wide acquaintance with public affairs, splendid executive talent, and a character for integrity beyond reproach.  
In our judgment no man in the state presents more or stronger points of availability.

—Every purchaser of a "Life of Harrison" within ten days from date of this paper, will receive an elegant silk wave badge, free. See ad. of book elsewhere.

—A large number of city people are participating in the picnic of the Tailor's Union at Pope's Springs this afternoon and evening.

—The court house has been a very quiet place to-day, both the circuit and municipal courts are quiet only able to furnish the usual weather this item.

—The United States flag is suspended at half mast from the flag staffs on all the city buildings and from the G. A. R. post, in respect to the memory of General F. H. Sheridan.

—The extra edition of the Gazette will be published on Thursday, August 6th, instead of to-morrow, as previously announced. The paper will be one of the best ever issued in the city.

—Superior's Norman, Green, Merrill and Zill with County Clerk Williams, forming a committee of the county board, are at Johnsons to-day, attending to matters pertaining to the county poor and insane.

—The call for the first Congressional convention, published by the Gazette last week, for Clinton Junction on August 26th, was a little premature, and unauthorized by the committee. The convention will probably be held on August 26th at the same place, of which due notice will be given.

—Ald. Horn says he intends introducing as order at the council meeting this evening for the painting of all the fire hydrants. He thinks the ball on top of the hydrant should be painted red, and the remainder a granite color. It would certainly improve the appearance of the little fire protectors, and the painting would not be expensive.

—The game of ball on Saturday afternoon between the Mutuels and the Spauldings of Chicago, resulted in a easy victory for the home club, the score being 12 to 0. The Spauldings did not stand the good name given them as ball-players which had preceded them to this city, and their playing both on Saturday and yesterday was a source of much disappointment to the spectators.

—Mr. W. G. Wheelock left for New York to-day. He goes in company with his sons, Charles E. Wheelock, of Peoria, Illinois; Geo. H. Wheelock, of South Bend, Indiana; and Arthur W. Music by Smith and Anderson's orchestras. All members of the club are requested to be present and have a good time.

—Mr. and Mrs. Carpenter the efficient and courteous telegraph operators, are just now the recipients of more letters and words of commendation than usually fall to the lot of mortals. These kindly expressions are the result of an effort by an irate patron of the office, to have Mr. and Mrs. Carpenter removed. Their endorsement is so strong and unanimous that the Western Union Telegraph Company will readily appreciate the situation.

—The funeral of Mrs. Almira Hoyt was held at four o'clock Sunday afternoon at the residence of her son-in-law Dr. Henry Palmer, Washington street, first ward. There was a large attendance of family friends, and the floral offerings were numerous and beautiful. The Rev. Dr. M. G. Hodge, of the Baptist church, conducted the service, the song service being rendered by a quartet consisting of Mrs. C. B. Conrad, Mrs. J. W. St. John, Messrs. E. O. Kimberly and Wm. Bladen. At the close of the services at the house the remains were taken to Oak Hill cemetery for interment, the pall-bearers being Messrs. Wm. Payne, Richard Wiggins, Charles Saxton, J. W. Nash, Theodore Kendall, and Elmer Bump.

—A new number of "The Season" is at hand—brilliant as usual. "The Season" is a first-class ladies' fashion magazine.

A MILE AND A HALF RUN.

The Fire Department Called to the McLean Woolen Mills this Morning.

Fire Discovered in the Fire-Proof Picking Room in the East End of the Factory.

A Burning Pile of Brush on Lager Avenue Calls the Department to Time Last Evening.

At 9:55 o'clock this morning an alarm was turned in from box 33, located at the McLean Woolen Mills at Monterey. The fire caught in the picking room, located on the second floor, at the east end of the main building. The room is supposed to be fire proof, and of course the fire made very slow progress among the loose wool. The smoke penetrated through the entire building; hose were attached to the powerful force pump belonging to the mill and situated in a room directly under the picking room, and powerful streams were put into the burning wool on the floor above. The fire department arrived in a few minutes and put three additional streams on the fire from the hydrants close to the factory, and soon Chief Blank pronounced the fire out. The fire was handled admirably, the damage by water being confined principally to the picking room and the room below. The hands were all ordered out of the mill prior to the start to guard against any possible loss of life. The loss will probably not exceed \$1,000, mostly on machinery and stock. The loss on building will be very light, principally on window glass casing and frames.

There is an insurance on the mill, in companies represented by the agencies of Elias Hayner and Mark Ripley. The pressure of the water works by hydrants was ample for any purpose, it being at the lowest point on the pipe line. The pressure was that furnished by the stand-pipe.

The large and dense volume of smoke pouring out of the chimney at the water works pumping station indicated that Engineer Spickler was on hand ready to add more pressure if demanded. He started the pumps to work in fifteen minutes after the alarm was sounded.

The fire department, considering that they traveled nearly a mile and a half going to the fire at the McLean Mill this morning, made excellent time. The actual distance from the east end of Milwaukee street bridge, by way of West Milwaukee street, Center and Western avenues, and Emmet street, is 7,250 feet. When the alarm was struck the east end hose team was in the blacksmith shop half a block from the engine house.

TURNING A BROWN PILE.

The burning of a pile of brush on the upper end of Court street near Lager avenue caused an alarm of fire to be turned in last evening at 10:12 o'clock from box 33 located at the corner of Sinclair street and Milwaukee avenue. The fire department made a quick run, attached a line of 330 feet of hose to the hydrant at Harrison street and Milwaukee avenue, and soon put a stop to the brush illumination. Stand-pipe pressure was used and there was much criticism on account of the force the stream displayed at the brush pile by the crowd of spectators, especially by those whose homes are in the neighborhood.

FOR COUNTY CLERK.

Among the officers to be nominated at the republican county convention is a candidate for the office of county clerk. The present incumbent, Mr. W. F. Williams, formerly of Evansville, has filled the position for the past four years. Mr. Williams brought to the office intelligence and ability and to say that his work has been faithfully performed, is stating a fact long since recognized by the board of supervisors and by all who have had occasion to transact business with the office.

Mr. Williams is a republican of the Grand Army style, possessing well defined loyalty to the party to whose interests he has ever been faithful. A constant sufferer from the effects of injury received in the service, yet cheerful and jovial, he is ever recognized as wide awake and ready for business.

Here is a candidate for re-nomination, and efficient service counts for anything the convention will not fail to give him a hearty endorsement. Among the other candidates for the office are Mr. S. L. James of this city; Mr. D. M. Barless, of Bradford, and Mr. A. C. Powers, of Rock. All gentlemen who are well and favorably known throughout the county.

ONE GREAT MERE.

THE SPREADING BALL PLAYERS.

An Explanation From the Manager of the Club.

DEAR SIR:—A great deal of dissatisfaction was expressed at yesterday's ball game. In order to protect the Jesu-villa club against unjust criticism we would ask you to publish these facts: We left Rockford with a strong team, having played two games, the first 5 to 6; the second 7 to 5; losing one and winning one. When we arrived here one of our players started back immediately, signing with the Bookkeepers, another being on the sick list, leaving for Chicago Saturday morning. Some dissatisfaction was expressed at the time by two or three of the players, they leaving Saturday evening. I left for Chicago for others expecting to arrive here Sunday at 1:30 p. m. Through a mistake of the ticket-agent in Chicago giving the wrong time for train, I missed the train, having with me at the time a strong aggregation of the best amateur players of Chicago to fill the place of the Spaulding team. In lieu of this we will on our way back, which will be in the latter part of August, make arrangements for two games here. Our team then will be a stronger one by a large margin than the Jesu-villa team. Hoping that this will explain yesterday's trouble and at the same time release the local management from any blame, I remain,

O. W. MILLER, Manager Spaulding B. Club.

PHARMACEUTICAL ASSOCIATION.

The Annual Meeting to be Held this Week at Palmyra Springs.

The Wisconsin Druggists Devote a Week to Merry Making at a Summer Resort.

To-morrow the Wisconsin Pharmaceutical Association commences their annual meeting at Palmyra Springs and it is expected it will be the largest attended of any ever held in the west. The druggists of Wisconsin have started a new plan, that of having a little fun with business, and the prospect is it will be a success. Looking over their invitation we notice the programme nearly as follows:

Tuesday 10 to 12 a. m.; 2 to 4 p. m., routine business reports of committees, address of welcome by Prof. A. A. Griffith reading papers for prizes of which a number are offered consisting of books, cash, etc.

4 p. m.—100 yard foot race to be run backward—prize, chemical test. Druggist eating ten soda crackers flat, no drink of any kind—flat assortment of toilet soaps.
